ITEMS FROM BOARD MEMBERS

None.

TOWN BOARD MEETING REPORTS

No report. Ms. Simpson mentioned that the December Work Session and the Board Meeting would be good ones to attend. Ms. Simpson said that she will have items on both the Work Session agenda and also on the Town Board agenda and it would be a good time to attend. Commissioner Stinnett stated that if the meeting ran long, they did not have to stay the entire time.

CHAIRPERSON REPORT

None.

OLD BUSINESS

The first item of business was further discussion of the trail markers at E. Carroll Joyner Park. Felicia Fotsch brought color samples for the wood post. She passed them around and the group liked the one called "Alpine Top." She got the sample from Lowes and the paint is Valspar. Ms. Simpson passed around two examples of posts. One is the example in the Open Space and Greenway Master Plan. The other is from a company called Eco Signs and the material for the post is made with recycled plastic lumber and high density polyethylene laminate. The signs are the most durable, low maintenance product available. They never need paint or stain and the information is routed into the wood. Members looked at both and decided they liked the Eco Sign product better. They asked Ms. Simpson to pursue this product for cost and design.

Ms. Simpson mentioned that the Greenway Advisory Board wanted some members to come to their next meeting and share the information about their project. The meeting is Tuesday, December 14 at 7:30 a.m. in the Training room at Town Hall. After some discussion of school schedules, Felicia Fotsch and Holden McLemore agreed to attend.

The next item of business was an update on the Information Center at E. Carroll Joyner Park. Ms. Simpson reminded the group that along with installing trail markers she wanted them to support the installation of an Information Center. Pete Hendricks is building a structure that will allow displays of the Master Plan of the park, the rules and regulations, a place for the brochure/trail map, and some general information with phone numbers for the department. She reported that the asphalt path has been poured by the Town's Street department. It connects the parking lot with the primary trail coming off the parking lot towards the bathrooms. Mr. Hendricks has the footings poured and the foundation is being set. He hopes to be done before Christmas. The materials are similar to the other farm buildings.

NEW BUSINESS

Commissioner Stinnett had mentioned that she would like to see several members attend a Town Work Session and give a brief report on the Youth Summit. She stated it would be nice for them to thank the Board for allowing them to attend and for the youth to share a favorite moment from the summit. After some discussion, Felicia Fotsch, Caroline Jordan, and Kiana Daniel agreed to attend. Ms. Simpson will contact the Town Clerk and have them placed on the agenda. Ms. Simpson reminded them that the Work Session is scheduled for Thursday, December 9 at 5:30 p.m. in the Town Hall Board Chambers.

ADJOURNMENT

There being no further business the meeting was adjourned.

Respectfully submitted,

Susan Simpson, Secretary

Felicia Fotsch, Chairperson
